global health 2011-2015

3. Protect the health of the UK proactively, by tackling health challenges that begin outside our borders.

The UK is a top WHO donor

Contributors to the Core voluntary contributions account for 2018
(US\$ million)

Tedros Adhanom Ghebreyesus ✓
@DrTedros

Thanks for your commitment to the international #Ebola response, Secretary @PennyMordaunt. This additional £5 million will help us scale up our operations in #DRC to stop the outbreak. With #UKaid support, we are saving lives and keeping the world safe twitter.com/DFID_UK/status...
