

## **BIBLIOGRAPHY**

Revised version, December 2006

Please note this bibliography contains only books and (refereed) journal articles on EU foreign policy. For reasons of space, separate chapters in edited books are generally not listed (especially if the book itself can be listed). If you would like to suggest the inclusion of additional books or journal articles (in any European language), please e-mail [k.e.smith@lse.ac.uk](mailto:k.e.smith@lse.ac.uk). We will try to update this bibliography regularly.

The bibliography is divided into the following sections: general works on EU foreign policy; theoretical works; historical works; security; the member states and EU foreign policy; external economic relations; and EU relations with third countries, including the rest of Europe, north Africa and the Mediterranean, Latin America, Asia, and the US.
