BSc in Physics , Sharif University of Technology, Tehran, Iran	2009–2013

RESEARCH INTERESTS

Labour Economics, Economics of Migration, Family Economics, Economics of Education.

WORKING PAPERS

Importing Love: Religious and Ethnic Identity in the Muslim Marriage Market

I examine the effects of marriage migration policies on the Muslim marriage market in the UK by incorporating the possibility of marriage migration into classical matching models.

Discrimination Shocks and Intermarriage Preferences: Muslim Marriage Market in the US after 9/11

I investigate the effect of 9/11 on the Muslim intermarriage market in the US by utilizing an intermarriage market model that decomposes the effect into extensive and intensive margins.

WORK IN PROGRESS

Ethnic Segregation in Schools and Educational Attainment in the UK

I investigate the effect of school segregation on the academic performance of ethnic minorities in the UK, utilizing a spatial regression discontinuity design that draws on exogenous variation in school catchment areas to isolate the impact of school segregation from other factors.

PUBLICATIONS

Female Labor Participation in Iran: A Structural Model Estimation, 2020, Journal of Economic Studies, Vol. 47 No. 1, pp. 1-19 (with Mohammad Rahmati)
