*Subject to available spaces

** Only available to Year 1 students who gain exemption from PP440 Micro and Macroeconomics for Public Policy

It may be possible for students to take courses offered by other LSE Departments, but this cannot be guaranteed. Constraints may include timetabling clashes, pre-requisites and availability of spaces for students from outside the department offering the course.

The MPA curriculum and the process of registering for courses will be covered during Welcome at the start of the academic year. There is no advance registration for individual courses and the course selection system opens after first year MPA students arrive at LSE. There is nothing that you need to do in advance of your arrival with regard to course selection.
